

Gottesfeld-Hohler Memorial Foundation (GOHO) Resident Ultrasound Bootcamp

This is a free didactic and hands on bootcamp for 2nd year residents to learn OB and GYN ultrasound. We invite GO residents to attend a 1 1/2 day boot camp where they will be given lectures by Maternal Fetal Medicine Specialists and have supervised hands-on ultrasound practice on live models. The MFM doctors donate their time and the ultrasound companies both sponsor and provide equipment to make this educational opportunity available.. Mount Sinai Hospital (Icahn School of Medicine at Mount Sinai) donates space for this event.

We would like to thank our sponsors:
GE healthcare, Phillips, Samsung,
Sonosim, Trice Imaging

Course information

updates from the division of MFM

Faculty Speakers:

Josh Copel, Yale

Keith Eddleman, Mt. Sinai

Joanne Stone, Mt. Sinai

Ilan Timor, NYU
